

In memory of Jim Beech

It is hard to comprehend how some things go so fast that sometimes catches us unprepared.

As Jim was learning sign language with Pat as his teacher, he was delighted meeting me and Robin as we were the first deaf couple he ever met. He, along with Pat, became our extended member of my family. He and Pat have been with us in many social functions through many years. My children love and cherish him.

During their vacation in California years ago, Jim and Pat were in my birthplace Salinas to pay a visit to my mother as Pat's brother once lived about two blocks away.

Jim was a true friend who listened and showed his care for the common people.

On the behalf of my family, Donna, my grown children and Robin, we feel deeply for Pat and their families.

May our Lord bless him as we love and dearly miss him.
