

How lucky I have been to know a man named Jim  
A special person to so many family and friends  
You just had to smile when you saw him, a positive presence always  
His energy and ideas seemed unlimited, his imagination knew no bounds

Traveling the country with his camera in hand and wife at his side  
He created many memories for those who knew him  
His zest for life and his untiring energy brought joy to those around him  
Oh how I wish we could all have have his goodness

What a great cousin to have, what a great friend to know  
God has said it is time and so heaven will be enhanced  
By a man named Jim, a brother, a cousin, a husband and a friend to so many  
Thank you Jim for all the wonderful memories, you made life better for all of us
